LIZA BARMER

Full Name:
Eliza Marjorie Barmer

Visual ID: Big and scary as an asteroid in a security guard's uniform

Status: Security Guard at Kennedy Space Centre – and Bessie Barmer's mum!

Greatest Achievement: Liza once farted louder than a rocket taking off

Likes: Strutting about giving orders

Hates: Cows, space and cows *in* space

Fascinating Fact: Whenever a Barmer girl gets married, she forces the husband to change his surname to 'Barmer' too – so their family name will never die out!

T-207

Full Name: Ter-moo-nator 'Space-Scruncher' model-207

Visual ID: Spacesuit, satellite-horns, ray gun, atomic-powered tail

Status: Moon-bull Alpha

Greatest Achievement: T-207 has worked out a way to eat meals without taking off his space helmet (but don't ask us how)

Likes: Floating about, playing Space Invaders

Hates: The dreaded cosmo-snake that zooms up your space trousers

Fascinating Fact: T-207 used to think a 'moon' mission meant flashing your bottom at people

ASTRONAUT McMoo

Full Name:
Angus Hightail Barnabus McMoo

Visual ID: Brown coat with white squares – but you can't see them under his spacesuit!

Status: Brightest star in space

Greatest Achievement: Drinking seventeen cups of tea in zero-gravity without missing a drop

Likes: Flying saucers (but flying teacups even better)

Hates: Parties on the moon (there's no atmosphere)

Fascinating Fact: Astronaut McMoo has renamed Jupiter 'Moo-piter' – but nobody knows why

APOLLO 10

Full Name:
Apollo 10 Lunar Mission

Code Names: Charlie Brown (command module)/Snoopy (lunar module)

Visual ID: Spacecraft within a spacecraft – plus rocket

Status: The first Apollo spacecraft to operate around the moon

Greatest Achievement: Carrying three men safely

to within nine miles of the moon and back

Good Points: A triumph of human ingenuity

Bad Points: No toilets – astronauts had to use plastic bags!

Fascinating Fact: Apollo 10 was the fastest manned vehicle ever, reaching a top speed of 24,791mph on its way back from the moon
